TEST 1

SECTION 1

- MAN: Hello, this is Land Transport Information at Toronto Airport.
How may I help you?
- WOMAN: Oh, good morning. Um, I'm flying to Toronto Airport next week, and I need to get to a town called um, Milton. Could you tell me how I can get there?
- MAN: Milton, did you say? Let me see. I think that's about 150 miles south-west of here. In fact it's 147 miles to be exact, so it'll take you at least – say, three to four hours by road. *Example*
- WOMAN: Wow! Is it as far as that?
- MAN: Yes, I'm afraid so. But you have a number of options to get you there and you can always rent a car right here at the airport, of course.
- WOMAN: Right. Well, I don't really want to drive myself, so I'd like more information about public transport.
- MAN: OK. In that case the quickest and most comfortable is a cab and of course there are always plenty available. But it'll cost you. You can also take a Greyhound bus or there's an Airport Shuttle Service to Milton. *Q1*
- WOMAN: Hmmm, I think for that kind of distance a cab would be way beyond my budget. But the bus sounds OK. Can you tell me how much that would cost?
- MAN: Sure. Let's see, that would be \$15 one way, or \$27.50 return. . . that's on the Greyhound.
- WOMAN: Oh, that's quite cheap – great! But whereabouts does it stop in Milton?
- MAN: It goes directly from the airport here to the City Centre and it's pretty fast. But you have to bear in mind that there is only one departure a day, so it depends what time your flight gets in. *Q2*
- WOMAN: Oh, of course. Hang on, we're due to get there at 11.30 am.
- MAN: Hmmm, too bad, the bus leaves at 3.45, so you would have quite a wait – more than 4 hours. *Q3*
- WOMAN: Oh, I see. Well, what about the Shuttle you mentioned?
- MAN: OK. That's the Airport Shuttle that will take you from the airport right to your hotel or private address. It's a door-to-door service and it would suit you much better, because there's one every two hours. *Q4*
- WOMAN: So how much does that cost?
- MAN: Let's see. Yeah, that's \$35 one way, \$65 return, so I guess it's a bit more expensive than the Greyhound.
